DIGITAL CERTIFICATES

IGC | Medium Assurance | Business Identity | Software Storage Certificate

The IGC | Medium Assurance | Business Identity | Software Storage certificate can be issued to Healthcare professionals for prescribing under the Electronic Prescriptions for Controlled Substances (EPCS) program.

IGC | Medium Assurance | Business Identity | Software Storage certificates can also be used by professionals who submit digitally signed and sealed documents to government agencies for processing and approval.

Additionally, because these certificates are also publicly trusted anyone can purchase or trust IGC certificates, digital signatures and emails secured by an IGC | Medium Assurance | Business Identity | Software Storage certificate.

Product Summary

IGC | Medium Assurance | Business Identity | Software Storage certificates are issued under the IdenTrust Global Common Certification Authority program and are cross-certified under the U.S. Federal PKI Common Policy Framework.

IGC Federal Bridge Certified certificates are accepted by government agencies and are used by individuals who are affiliated with a sponsoring organization to conduct business in a digital world.

The software certificate is safely stored in the browser certificate store on your local PC or laptop and can only be used on a single device.
