Supported Countries

PLEASE BE AWARE THAT DUE TO U.S. IMPOSED SANCTIONS, IDENTRUST IS PROHIBITED FROM ISSUING DIGITAL CERTIFICATES VIA REQUESTS ORIGINATING FROM THESE CURRENTLY EMBARGOED COUNTRIES: BELARUS, CUBA, IRAN, LEBANON, LIBYA, NORTH KOREA, RUSSIA, SOMALIA, SYRIA, UKRAINE, YEMEN, VENEZUELA, AND ZIMBABWE. Additional sanctioned countries where IdenTrust may be prohibited from doing business may be found here.

To determine whether IdenTrust offers digital certificates in a particular country, simply click on the down arrow on the left side of the certificate type you wish to purchase to view the list of countries that currently support that offering.

If the country is not listed, and the name is not mentioned as sanctioned / Embargoed in the first paragraph of this page, you may contact our Helpful Support Team to evaluate eligibility for that country.

Click on the certificate type name for details on the offering or click on [**Buy Now**] to initiate the application process. Please be aware that if you are purchasing a certificate that is stored in a hardware device (USB token or smart card), shipping charges apply and will be calculated during the certificate application process.
