IdenTrust Appoints Andrew Thompson as Vice President of North America Sales

Former Vice President with CheckFree Corporation and Accurate Software to Direct IdenTrust Growth in North America Financial Services Market

San Francisco, CA, November 6, 2007 — IdenTrust, Inc., a leader in trusted identity solutions, today announced that it has appointed Andrew Thompson as vice president, North America sales. Thompson is responsible for accelerating IdenTrust’s growth in the North America financial services market.

“This year, IdenTrust has added significant new customers and partners in Europe and North America. Additionally, we are receiving increased attention from corporations who recognize the need for an interoperable identity and are looking for their financial institutions to provide the leadership and solutions to support trusted electronic commerce internationally,” said Karen Wendel, Chief Executive Officer for IdenTrust, Inc. “Andrew Thompson’s strong understanding of the financial services market and his demonstrated success in helping banks to address the needs of their corporate customers will be integral as IdenTrust enters its next phase of growth in the North American market.”

Thompson brings to IdenTrust a strong track record of managing growth and expanding operations for IT providers that target the financial services community and their corporate customers. Prior to joining IdenTrust, Thompson was regional vice president at CheckFree Corporation, where he increased net revenues by more than 35 percent annually. Previously, Thompson was the executive vice president of operations at Accurate Software, where he directed 30 percent annual growth prior to CheckFree’s acquisition of Accurate Software.

“IdenTrust provides financial institutions with a powerful solution that establishes trusted transactions between institutions and with their customers, while also streamlining

operations,” said Andrew Thompson, Vice President, North America Sales for IdenTrust, Inc. “I am excited to join IdenTrust and look forward to further extending the company’s success in the North American market.”

About IdenTrust

IdenTrust is a leader in trusted identity solutions, recognized by financial institutions, government agencies and businesses around the world. IdenTrust enables organizations to effectively manage the risks associated with identity authentication. The only bank-developed identity authentication system, IdenTrust provides a legally and technologically interoperable environment for authenticating and using identities worldwide. Customer agreements are valid, binding and enforceable in more than 175 countries. The IdenTrust Trust Infrastructure maintains the privacy of every transaction processed by reading only digital certificate information, not the message.
