

Certificate Download Instructions for Microsoft® Internet Explorer 9 and Higher For DoD ECA Certificates

Before you can use your IdenTrust DoD ECA digital certificate, the IdenTrust ECA Subordinate and ECA Root Certificate must be installed in your browser. This process is performed automatically during the retrieval of the certificate.

These instructions are provided only in the case that such process fails.

If you need to install only the IdenTrust Subordinate CA Certificate, please follow these steps:

Download the IdenTrust ECA Subordinate CA Certificate File

1. Click on this link: [ECA Subordinate Certificate](#).
If the link above does not work, open the browser and copy this link to the address bar:
<http://validation.identrust.com/certs/identrusteca4.cer>
2. Click **“Open”**. This action will open the **“Certificate”** window.

Install Certificate

1. Click **“Install Certificate”**. This action will open the **“Certificate Import Wizard”**.
2. Click **“Next”**.
3. Select **“Automatically select the certificate store...”**.
4. Click **“Next”**.
5. Click **“Finish”**.
6. Click **“OK”**.

The Certificate import is complete.
